## **10.05            ADULT-ORIENTED ESTABLISHMENTS**

(1)    **PURPOSE.** It is a lawful purpose of the Common Council of the City of Cornell to enact regulatory ordinances protecting and promoting the general welfare, orderly conduct, health, and safety of its residents. The Common Council of the City believes it is in the best interests of the health and safety of its residents to regulate and thereby diminish the dangerous secondary effects that accompany adult-oriented establishments. The dangerous and negative secondary effects associated with adult-oriented businesses include, but are not limited to, increased criminal activity of both a sexual and violent nature, lowered property values, urban blight and a loss of pride in a community, and an increase in sexually transmitted diseases.

The Common Council of the City has knowledge of studies conducted by Phoenix, Arizona, Whittier, California, Adams County, Colorado, Indianapolis, Indiana, New York, New York, New Hanover County, North Carolina, Austin, Texas, Beaumont, Texas, Dallas, Texas, El Paso, Texas, and Newport News, Virginia, indicating adult-oriented establishments have either a strong or a direct correlation to increased crime. A Land Use Study conducted by the City of Phoenix, Arizona, concentrating on the link between adult-oriented establishments and their relation to increased crime found that the number of sex offenses was five hundred and six percent (506%) greater in neighborhoods where adult-oriented establishments were located, and which also concluded that the crimes of rape, lewd and lascivious behavior, and child molestation were one hundred and thirty-two percent (132%) greater in neighborhoods where adult-oriented establishments were located.

The Common Council of the City has knowledge of studies conducted by Garden Grove, California, Los Angeles, California, Indianapolis, Indiana, Minneapolis, Minnesota, Las Vegas, Nevada, New York, New York, New Hanover County, North Carolina, Oklahoma City, Oklahoma, Austin, Texas, El Paso, Texas, Newport News, Virginia, and St. Croix County, Wisconsin, indicating a correlation between the location of adult-oriented establishments and decreased property values of the surrounding areas. A study surveying 100 Oklahoma City real

estate appraisers concluded that a concentration of adult-oriented businesses may mean large losses in property values.

The Common Council of the City has knowledge of studies conducted by Minneapolis, Minnesota, Ellicottville, New York, Islip, New York, New Hanover County, North Carolina, Amarillo, Texas, and El Paso, Texas, concluding that when adult-oriented establishments are allowed to concentrate in one area, the negative secondary effects of adult-oriented establishments may be magnified. The Ellicottville, New York, Village Board of Trustees found that isolation of adult-oriented establishments limits their negative secondary effects. A report by the Islip, New York, Department of Planning found that two adult-oriented establishments located near each other created a dead zone in an otherwise healthy business district.

A legislative report prepared by the Sexually Oriented Business Revision Committee for the Houston City Council concluded that, due to criminal activity associated with adult-oriented establishments, licenses should be required of all adult-oriented establishment employees. The legislative report further concluded that the lack of clear lines of view, insufficient lighting, and locked rooms decreases the ability of adult-oriented establishment owners, managers, and employees to monitor behavior and prevent lewd behavior on the part of customers, and that this is behavior which may lead to unsanitary conditions and the spread of communicable diseases. A report based on a memorandum from the Tucson, Arizona Police Department Investigative Services to the City Prosecutor dated May 1, 1990 concluded that police officers found a wide variety of illegal sexual conduct at all adult-oriented establishments, that virtually every establishment had employees arrested for prostitution or obscene sex shows, and which found that one of the employees arrested for such acts was a 15 year old girl.

The Common Council of the City recognizes that establishments licensed to serve alcohol are the most likely to conduct adult entertainment, as defined herein, and that this adult entertainment can lead to exploitation of human sexuality. Such exploitation takes the form of employing or permitting persons to perform adult entertainment as an inducement to patrons to purchase alcoholic beverages. The purpose of this Ordinance shall be to license and regulate the operations and locations of adult-oriented establishments, as defined herein, within the limits of the City of Cornell. This Ordinance has neither the purpose nor effect of imposing limitations or restrictions on the content of any communicative materials, including sexually oriented materials. Similarly, it is neither the purpose nor effect of this Ordinance to restrict or deny access by adults to sexually oriented materials protected by the First Amendment or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. As based upon the following recitation of issues involving such types of businesses, it is deemed to be in the best interests of the health, welfare, and safety of the residents of the City to adopt this Ordinance pursuant to the authority vested in the City under Wis. Stat. '62.11(5).

Based in part upon the foregoing, and with the purpose of diminishing the negative secondary effects of adult-oriented establishments, defined as including, but not being limited to, maintenance of property values, protection of the quality of neighborhoods and commercial districts, the quality of life, and the health, safety, and welfare of residents of the City, the following regulations are adopted.
